Strike with fear

Let the GXT 160 Ture Gaming Mouse guide you towards the lights of victory. The high precision 4.000 DPI optical sensor gives you that surgical precision which determines your enemies' fate. With this illuminated mouse, you will cut through those virtual battlefields. Adjust this mouse to your preferences: the Ture has 7 programmable buttons to optimize your productivity and efficiency. By using the advanced software, you can create your perfect gaming mouse from within by programming the macros and your preferred click combinations: shoot and reload at the same time with just one click of a button!

Show your style

Set the customizable RGB lighting to your liking by choosing one of the 16.8 million colours and your mouse is now as unique as your gaming style. The alluring lighting design of the Ture forms the centrepiece of your gaming gear.

Perfectly suited

It doesn't matter whether you're left or right handed, this mouse is made for comfortable gaming for everybody because of its ambidextrous form factor. This combined with the smooth, low-friction metal gliding pads makes sure you can keep on gaming with high-precision during those intense gaming sessions.
