FCC Compliance Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Use of Trademarks, Registered Trademarks, and other Protected Names and Symbols

This manual may make reference to trademarks, registered trademarks, and other protected names and/or symbols of third-party companies not related in any way to StarTech.com. Where they occur these references are for illustrative purposes only and do not represent an endorsement of a product or service by StarTech.com, or an endorsement of the product(s) to which this manual applies by the third-party company in question. Regardless of any direct acknowledgement elsewhere in the body of this document, StarTech.com hereby acknowledges that all trademarks, registered trademarks, service marks, and other protected names and/or symbols contained in this manual and related documents are the property of their respective holders.

Introduction

The StarTech.com SVID2USB23 USB 2.0 S-Video/Composite video Capture Cable lets you connect devices that output S-Video or Composite video to a computer, through an available USB 2.0 port. The cable also features two channel RCA stereo audio inputs, that let you capture the audio that accompanies the S-Video or Composite video signal. Support for TWAIN drivers to enable various third party video capture software, the capture cable offers real time MPEG1 and MPEG2 recording.

Packaging Contents

- 1 x USB Video Capture Cable
- 1 x Driver Installation CD
- 1 x Software Installation CD
- 1 x Instruction Manual

System Requirements

- USB 2.0 enabled computer system with available USB port
- Microsoft® Windows® 2000/XP/Vista/7 (32/64-bit)

Installation

1. Please insert the included Driver CD into the CD-ROM Drive.
2. At the Windows desktop, click the Start button, then "Run". If this option is not available from the Start menu, press and hold the Windows key (Windows logo) on the keyboard and press "R".

3. Type "D:\EM2860\Setup.exe" into the Run window and click the OK button. (Change D: to match your CD-ROM drive letter)

4. The Driver install program will begin. Proceed through any prompts as necessary. If a Windows Security dialog window appears, click the "Install this driver software anyway" or "Continue Anyway" option to proceed.

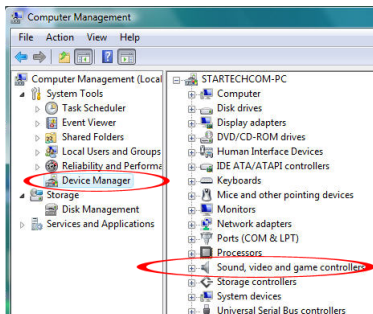

5. Restart Windows to complete the driver installation.
6. Once the computer has booted into Windows, plug the SVID2USB22 adapter cable into an available USB2.0 port.
7. Windows should automatically detect new hardware and begin to load the drivers.

8. If a Windows Security dialog window appears, click the “Install this driver software anyway” or “Continue Anyway” option to proceed.
9. Connect the video source to the video capture adapter either through S-Video (black) or composite video (yellow) using the appropriate cables. Stereo audio (red/white) can also be connected to the adapter.

Verifying Installation

From the main desktop, right-click on “My Computer” (“Computer” in Vista/7), then select Manage. In the new Computer Management window, select Device Manager from the left window panel.

Click on the “+” (plus sign) in front of “Sound, video and game controllers”; a “USB 2861” or “AV Grabber” device should be displayed under this category depending on the operating system.

*actual device name may vary

Software Installation (Optional)

To install Ulead® VideoStudio® for use as video capture and editing software, follow these installation steps. If other video capture/editing software is to be used, then this is not necessary.

1. Place the Ulead Video Studio SE CD into a CD-ROM drive and setup should launch automatically. If setup does not launch, use Windows Explorer to navigate to appropriate CD-ROM drive and run the Setup.

2. The installation wizard will start the installation process, click OK to start installing.

NOTE: The serial installation key is included on the back of the CD sleeve.

3. Follow the installation wizard and complete the steps to finish Ulead VideoStudio 11 SE DVD software.

NOTE: For any further assistance with installation, how-to-use or troubleshooting VideoStudio problems, please contact the developer of the software, Ulead (www.ulead.com).

Specifications

Host Interface	USB 2.0
Chipset ID	eMPIA EM2860

LEDs	1 x Power
Supported Video Systems	NTSC, PAL, SECAM
Maximum Video Resolution	720x480 (NTSC), 720x576 (PAL)
Video Encoding Support	MPEG1, MPEG2
Audio	Yes
Operating Temperature	0°C ~ 50°C (32°F ~ 122°F)
Storage Temperature	-20°C ~ 60°C (-4°F ~ 140°F)
Humidity	5% ~ 85% RH
Dimensions	92.0mm x 33.0mm x 11.0mm
Weight	60g
Compatible Operating Systems	Windows 2000/XP/Vista/7 (32/64-bit)

Technical Support

StarTech.com's lifetime technical support is an integral part of our commitment to provide industry-leading solutions. If you ever need help with your product, visit www.startech.com/support and access our comprehensive selection of online tools, documentation, and downloads.

Warranty Information

This product is backed by a one year warranty.

In addition, StarTech.com warrants its products against defects in materials and workmanship for the periods noted, following the initial date of purchase. During this period, the products may be returned for repair, or replacement with equivalent products at our discretion. The warranty covers parts and labor costs only. StarTech.com does not warrant its products from defects or damages arising from misuse, abuse, alteration, or normal wear and tear.

Limitation of Liability

In no event shall the liability of StarTech.com Ltd. and StarTech.com USA LLP (or their officers, directors, employees or agents) for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of or related to the use of the product exceed the actual price paid for the product. Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.

StarTech.com has been making "hard-to-find easy" since 1985, providing high quality solutions to a diverse IT and A/V customer base that spans many channels, including government, education and industrial facilities to name just a few.
