Memory Module - Warranty Statement

The following limited warranty applies to GIGABYTE memory products. The limited warranty applies to the original end user customer of the product so long as the original end user customer owns the product. This limited warranty is non-transferable. GIGABYTE provides replacement or repair services to our customer for defective products within the applicable warranty period. If any, please check on <https://www.gigabyte.com> for more product detail.

Limitation Of Warranty

This limited warranty covers only repairs or replacement of GIGABYTE products. Please note that GIGABYTE is not responsible for providing free repairs if any of the following applies:

1. Damage is caused by natural calamities, accidents, vandalism, power problems or any inappropriate usage.
2. Damage is caused by accessories, wrapping materials and refillable goods other than the memory module itself.
3. Product has been used with third-party accessories.
4. Product has been repaired or disassembled by unauthorized technicians.
5. The warranty label, product serial number is altered, damaged, unclear or missing.
6. Product serial number does not conform to the number issued by GIGABYTE or the label has been damaged.
7. Products were purchased from unauthorized distribution channels.
8. Product compatibility problems don't result from any defect in the GIGABYTE memory module.

Duration of Warranty

Memory modules are covered by a "limited warranty".* The warranty period starts from the day of purchase. If the product is damaged due to natural causes, free maintenance service is provided during the product's service life. Proof of the original purchase date is required for this Warranty Service.

* The limited warranty vary by countries, please visit GIGABYTE website for more detail warranty information.

Additional Remarks

For certain products, maintenance is done by replacing them with reserved products; therefore it is possible that after maintenance, the product returned to the consumer may not be the original one sent in for maintenance. Due to high product turnover, if the product is no longer under production or the original manufacturer no longer provides maintenance, GIGABYTE will replace it with a substitute.

The AORUS RGB Infused Demo Module (GC-RGB Module) is not covered by the limited warranty, GIGABYTE only provides dead on arrival (DOA) for the accessory.

AORUS RGB Infused Demo Module (GC-RGB Module) only works with AORUS RGB memory, not compatible with other memory module. AORUS RGB Infused Demo Module (GC-RGB Module) RGB syncs only with AORUS RGB memory. AORUS RGB Infused Demo Module (GC-RGB Module) is not for sale as an independent accessory.

Caution

Recommended voltage is shown on DRAM label. Always turn off your computer before installing or removing a memory module. Only for specific Motherboards and/or CPUs can the product operate at specified data rate. GIGABYTE will not be liable for any damage resulting from user's improper over-clocking application or usage.

Product Exchange and Information Required

Send the defective product back to the dealer where it was purchased. During the procedure, we may need you to specify in detail the product's model, serial number, date of purchase and describe the trouble you came across.

To avoid damage due to poor packing, and/or shipping damage, use proper packing material when sending the device for service and repair.

After we receive the product requested for maintenance and confirm that the damage is due to the deficient manufacturing process or poor materials, we will immediately send you a well-functioning product. GIGABYTE only accepts product exchanges if the full package is sent back. Full package meaning all the material inside the package has to be returned for a valid swap.

DECLARATION OF CONFORMITY
Per FCC Part 2 Section 2.1077(a)

Responsible Party Name: G.B.T. INC. (U.S.A.)
Address: 17358 Railroad Street
City of Industry, CA 91748
Phone/Fax No: (626) 854-9338 / (626) 854-9336

herby declares that the product
Product Name: Memory Module
Model Number: GP-AR32C16SK21HU16IRD

Conforms to the following specifications:
FCC Part 15, Subpart B, Section 15.107(a) and Section 15.109 (a), Class B Digital Device

Supplementary Information:
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful and (2) this device must accept any interference received, including that may cause undesired operation.
