Power like no other
X7000 Power Bank

X7000 Power Bank
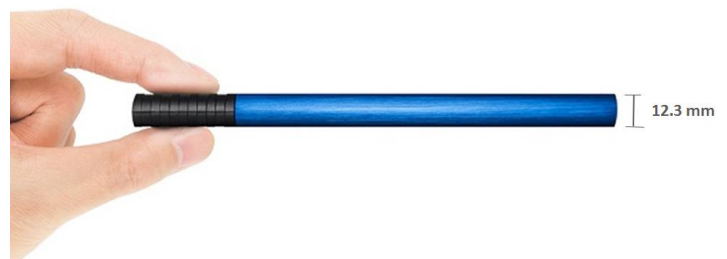

X7000 shows a bold move from traditional framework: ultra slim and stylish, combing with a hairline brushed and durable aluminum surface and tough glossy plastic panel. Inside is a 7000mAh power source with two USB ports totaling up to 2.4A for fast simultaneous charging of mobile devices that saves you precious time and improves overall safety and efficiency.

Sleek aluminum form factor

With a slim and sleek form like that of a smartphone, the power bank uses stylish but durable aluminum surfaces and tough glossy plastic side panels for a chic look to place it apart from other power banks.

Portable power done ultra-slim

As mentioned before, part of the inspiration for the X7000 were smartphone form factors. That's why it's so thin at up to 12mm and weighs just 210g, fitting neatly in pockets, bags, purses, and lifestyles.

hairline-brushed
textured surface

12.3 mm

Twin charge ports up to 2.4A

Top up two devices at once to save time and get back to work and enjoyment quicker. The X7000 has dual USB outputs, delivering a max 2.4A as needed by connected devices.

Top quality components and safety-ensuring build

Like all ADATA power banks, the X7000 uses carefully tested and selected power cells. The aluminum and plastic enclosure is impact and fire resistant, while within sophisticated circuitry guarantees complete operational safety.

- Impact-tested
  Built safe - complies with CB IEC 60950
- Fire-resistant
  Made using durable aluminum
- Li-polymer cell inside
  High conversion efficiency
- Over temperature protection design
- Smart Circuit Design
  Better performance with full range of protective measures

Features

- High quality battery with 7000mAh power capacity
- Dual USB ports with total 2.4A output
- Multiple circuit protection (OCP, OVP, OTP, SCP, ODP, OCP)
- Combing with a durable aluminum surface and tough glossy plastic panel
- Hairline-brushed aluminum exterior

Specifications

- Capacity: 7000mAh
- Battery: Li-Polymer
- Color: Titanium / Blue / Red
- Dimension: 148.2x73.9x12.3mm / 5.8x2.9x0.48"
- Weight: 210g / 7.4oz
- Input: DC 5V / 2.0A (Micro USB)
- Output1&2: DC 5V / 2.4A max (USB-A)
- Warranty: 1 year
